Financial Secretary Notes...

Congratulations to three brother Knights that took their Second Degree on Monday, January 27 at St. Raphael. Included are Ramon San Vicente and Mario Cervantes of Council 5300, and Jose Naranjo of Council 1684.

Two important dinners will take place in March and April. On Wednesday, March 12 our Council celebrates St. Patrick's feast day with an Irish meal. On Wednesday April 23, it's our Annual Banquet celebrating student winners of our Essay Contest from Our Lady of Mount Carmel and Notre Dame School.

Note that at the Council meeting on Wednesday March 26, we will be holding a First Degree. As a brother Knights, you are encouraged to attend, demonstrating your support of new applicants to the Knights of Columbus.

You need to read the Grand Knight's report. Grand Knight Steve Romofsky raises two important questions. First, how can we as Knights become more visible within our local parishes? Second, how can council members become more active in doing good works beyond what we already do as members of the Knights of Columbus?

You also must read Mike Engler's Pro-Life Report, lawmakers decreeing the death penalty for sick children. Going beyond adults – there is an element in our society wanting to practice euthanasia on sick children.

Also, read our spiritual message for Lent and Easter on Page 3. It discusses the meaning of the words "*lead us not into temptation.*" This was one of Fr. Tom Messner's last spiritual messages before his death.

Last read Mike Rachford's editorial on Page 9 why the K of C stands strong on ethical ground.

GRAND KNIGHT'S REPORT

Steve Romofsky

Worthy Brother Knights we are looking forward to longer daylight hours, the time change, the coming Spring, and hopefully rain. Much has happened in the last two months and much is planned for the next two.

January saw our fellow Catholics gather at to show their appreciation for the Clergy and the Religious that serve in our community. More than 140 of us attended the annual dinner, sponsored by Council 5300 in conjunction with our Council. Were you there? We shared each other's company, told a few jokes and stories, dined well on a delicious dinner, and were thoroughly entertained again this year by Samuel de Palma, a master vocalist.

The months ahead will bring the St. Patrick's Day Dinner, The Essay Contest, and the Scholarship Dinner. Check for dates in the Bulletin and mark your calendars. March will bring a membership drive. Supreme has given us a goal of nine new members this year. All Knights in the Council must help us reach this goal. We all know men in our parishes that would be good Knights. Ask them to join. Give them an application form, Brother Ray has copies for you. Sign them up and welcome them into the Council. We have our own Degree Team and can schedule a First Degree Exemplification as soon as we have candidates. In fact one is planned for the end of March

Two subjects are visible on the horizon for this Council. The first is improving the visibility of the Knights of Columbus in the six parishes that we serve. Knights are active in all of the parishes in a variety of ministries. We are Deacons, Lectors, Eucharistic Minis-

ters, Religious Education Teachers, Music Ministers, and Greeters. We serve on parish councils and finance councils. We volunteer for parish fundraisers and we bring our tools when repairs are required. How could we be more visible than that you ask? Please give me your thoughts regarding this important topic.

The second subject on the horizon is good works by this Council. We are a very generous Council and we already do many things for those in need, however, more must be done. One avenue to explore is Habitat for Humanity. Habitat is involved in another building program to provide housing for families in need. What better place for a Knight to be than immersed in that process. Please contact Marc Russo if you are interested in participating. Also, let me know if there are other good works that you think that the Knights can address.

Look forward to Lent and Easter
Vivat Jesus,

Steve Romofsky

Spiritual Message to Live By:

LENT AND EASTER

When we are praying the Our Father there is the ending that we all repeat: "lead us not into temptation." Some of us may conclude that God must be the one who tempts us. But in the Scriptures, St. James in his letter puts the kibosh on this baseless idea. God never tempts anyone. St. James says that the origin of all temptations comes from within us based on our desires- of course the inordinate ones, desires gone haywire.

Well we are now in the midst of the season of Lent and this is certainly a very good time to look at our desires and establish a priority, fulfilling our good desires and curbing those desires which are out of whack. We are often susceptible to the suggestions of the media or wide-open to the pressures and influences of other people. God on the other hand pours his many graces upon us so that we can withstand and conquer any kind of temptation.

As I'm sure you have read in Scripture or heard before "his grace is sufficient for us." St. Paul testifies to the truth of this fact. It's really a cop out and a false excuse when we blame it all on the devil. We need to look deep within ourselves and search the desires controlling us, especially the hidden desires of our hearts. Of course the purpose of all this is so we will grow in holiness and thus have a very worthwhile lent which will enrich our joyful celebration of Easter. That's when we share in the Resurrection Christ by having new life. ALLELUIA!!

May your Lent be meaningful and Easter Grand. Along the way, remember to pray for the many catechumens who are preparing for Baptism at the Easter Vigil on Holy Saturday evening.

Pro-Life Report

Lawmakers Decree Death Penalty for Sick Children

Mike Engler

If a criminal murders or rapes someone in Belgium, he needn't worry: years ago, that country abolished the death penalty for even the most savage crimes. But on February 13 Belgium's parliament decreed the death penalty for the "crime" of being a sick child who's in pain.

Euthanasia killings of people over 18 have been legal in Belgium since 2002, but now the killing will spread to minors, and there's no minimum age. (In the euthanasia-ridden Netherlands, doctors already may kill boys and girls as young as 12.)

Supposedly, Belgian doctors may kill only children who ask for death with parental consent. But a doctor may also kill young children who ask for death if doctors say the boys or girls understand what they're requesting.

"This is the horrific logic of euthanasia," said anti-euthanasia expert Wesley J. Smith. "Once killing is accepted as an answer to human difficulty and suffering, the power of sheer logic dictates that there is no bottom."

Anti-euthanasia leader Alex Schadenberg told *LifeSiteNews* that "Euthanasia has been really out of control in Belgium for quite some time. We know from studies that about 32 percent of euthanasia deaths go without requests [from the patients]. Over half of euthanasia deaths are not reported."

The *Los Angeles Times* ran two opinion pieces that favored Belgium's child-killing law, calling its opponents "paranoid" and "death-squeamish."

Pioneering pro-life sociologist Fr. Paul Marx wrote a booklet, *The Mercy Killers*, describing the growing euthanasia movement in our country spreading its views among doctors and intellectuals. **He wrote this 40 years ago.** You can imagine how many powerful, influential people favor euthanasia today, considering how belief in the Christian doctrine of the sanctity of innocent human life has declined since then.

Over the years California lawmakers, including our own Hannah-Beth Jackson, have introduced bills that would let doctors murder sick people in California. We Knights must strongly oppose all such attempts to destroy a bedrock principle of civilization: that nothing ever justifies the deliberate killing of an innocent human being. We must pray...stay informed (e.g., via the Internet)...write and call our lawmakers...write letters to the editor...and spread the word among our family and friends.

It's later than we think. The lives we save might be our own.

GENERAL MEETING OF COUNCIL 1684 WEDNESDAY, FEBRUARY 26, 2014

Twelve members were present when Grand Knight Steve Romofsky called the Council meeting for February to order at 7:40 p.m. Upon closing the meeting doors, Acting Warden Steve Romofsky verified membership cards, and the Grand Knight led the opening prayer and Pledge of Allegiance.

The minutes of the January meeting were approved as read.

The Worthy Grand Knight reported on the following items:

- Council 1684 representatives met with Brother Brian of the Mission who has taken the place of David Wells regarding the Knight's use of Serra Hall. The meeting was cordial and several areas of mutual interest were discussed with more communication to follow.
- The Valentine's Day social was a big success. The Grand Knight thanked all those involved with setting up, cleaning up, serving and cooking. The flowers given to the ladies were an especially good touch.
- The St. Patrick's Day social will be on March 12, while the business meeting will be held on March 26. John Green's world famous Irish stew will be drawing a crowd from far and wide, so come a little early to get a seat.
- The Essay Contest Committee needs volunteers to help process and judge the essays.
- The Scholarship Committee, consisting of Brothers Mark Weitstock, Ray Charpentier, Nick Curran, and Steve Romofsky, is hard at work.
- Our Council website is almost complete, thanks to Brother Matt Najera and Brian Romofsky. The selection of a web hosting company and some final details will see our site up and running soon.
- A new Catholic high school named St. Therese Classical Academy located in Carpinteria will open August 25, 2014, with an expected enrollment of 15 students. Brothers Matt Najera, Bruce Garcia, and Hank Peterson have been instrumental in this process. In order to support this important step for Catholic education in our area, Council 1684 will be giving \$2,000 in scholarships to the school. With tuition of only \$5,000 per year, it is sure to draw attention.
www.thereseacademy.com

Under the Treasurer's Report, The Council's February bank statement reflects a balance of \$7,145.72 after deposits of \$1,110.50 and withdrawals of \$2,117.95.

The Valentine's social showed income of \$218 and expenses of \$183.49 for a profit of \$34.51.

The Financial Secretary reported four bills paid.

Under Membership, the Council gave the second reading to the applications of Javier Briones and Matt Doyle. There will be a First Degree Exemplification prior to the next business meeting on March 26.

Under Communication, the Council received an acknowledgement for the \$1,000 donation to the Boy Scouts of America.

Under Old Business,

- Brother John Green reported on the meeting held to discuss the direction of the Building and Equipment Fund investments. The Committee proposed a resolution, which was given its first reading. The Resolution reads as follows:

Whereas the Council now has investments in the Building and Equipment Fund partly in equities, withdrawal of income from the Fund must be controlled with a discipline and understanding of the stock market, if the Council is to have a steady income from the Fund going on into future years.

Therefore, we propose that a Building and Equipment Fund Management Committee of five members come together each Columbian year. Two of the members are appointed by the Grand Knight. The five members making up this Investment Management Committee would be the Following Knights: the Grand Knight, the Financial Secretary, the Treasurer, the Agent authorized to make transactions on the investment account with the broker at Morgan Stanley, and a Knight of the Council who has an understanding of investment management.

And further it is proposed that present officers and appointees fill the positions for the remainder of this Columbian year.

And further this Committee will be diligent in managing the investments and will meet at least once a year prior to the incoming Grand Knight's need to prepare a budget to determine the income that will be available for the budget.

Submitted February 26, 2014 by John Green; seconded by Mark Weitstock, Al Anglin, and David Chávez.

- The calendar of meetings and socials for the rest of 2014 was presented (*See Page 7 for list of dates March through December 2014*).
- Brother Hank Peterson was obliged to cancel the outdoor Knight's Free Throw Contest due to predicted inclement weather. It was rescheduled to Sunday, *Continued on Page 7*

We Stand Strong on Ethical Ground

Some people believe that ethics in business is a contradiction in terms. They think that in order to be profitable, a company and its leaders must abandon morality and embrace the dark, greedy side that they see so often in the news and in movies...

At the Knights of Columbus, we know this isn't true. A business can be both ethical and successful. We are.

As a Catholic organization, we understand the value and importance of our core beliefs and the original mission of Venerable Father Michael J. McGivney. In fact, much of the strength and financial security we provide to members and their families can be attributed to our ethical, moral standards.

More than 96 percent of Knights who buy our life insurance keep it, year in and year out. The Order takes this commitment to our members very seriously. This means carefully planning when it comes time to invest. Our professional staff researches all transactions to insure that they fall in line with Catholic values. If a transaction makes them uncomfortable, they don't make it.

"We exclude any company engaged in activity that conflicts with Catholic moral teaching: companies directly involved in abortion, contraception, human cloning, embryonic stem cell research, for-profit health care that pays for any of these, or pornography," said Supreme Knight Carl Anderson. "There are many companies in the pharmaceutical and communications industries that would undoubtedly provide excellent returns for us, but which are not in our portfolio because they engage in research and development or programming in ways that violate the sanctity or dignity of human life."

In the end, the Knights of Columbus investment strategy is motivated by morality, not money. Yet, each year we remain profitable, increase our assets and stay dedicated to this vision that will keep the Order financially sound for generations to come.

"Faithful Catholics have choices when buying life insurance," said the Supreme Knight. "But they know that at the Knights of Columbus their policy is supplied by an insurer that shares their moral and ethical values and is guided in all of its investment and sales practices by those values."
