

KNIGHTS OF COLUMBUS
COUNCIL 1684
NOVEMBER - DECEMBER 2021

GRAND KNIGHT'S REPORT –

As I write this on the 29th Sunday of ordinary time, I realize this is no ordinary time. In this Sunday's Gospel we are called to total surrender to the Sacred Heart of Jesus. That doesn't mean giving up anything, but it means giving everything that we do, supernatural quality, by doing it with Jesus. He came not to condemn us but to be like each one of us, in every way, save sin. Treasure then, what we have in common with Him, and also keep this in common with our brothers and sisters, as we face the challenges of this time, with exuberance! Also, as we face the challenges to come.

I'm really encouraged by the more open gatherings, this fall, with our brother Knights at 5300 in Goleta. Strength in unity! One of our core degree principals!

Pray for me, as I will pray for you.

For more confidence, within our own hope, going "Always Forward"!

Peace be with you,

James Garland, Grand Knight

**REMEMBERING
Our BROTHER KNIGHT
STEVE RIFFERO**

Worthy Brother Knights:

We learned on Friday September 10th that Steve Riffero passed away on September 9th. Steve was an active member of our Council over many years. He was known for being the founder and his work with the Blue Jacket Club, this club's goal is taking care of the less fortunate in Tijuana, Mexico. Steve also volunteered his time at a homeless shelter and as well as being an active parishioner at La Guadalupe Parish.

With Steve's estate tied up presently, his close friends and family are looking for assistance with funeral costs. They have started a Go-Fund-Me account at the following link for those who would like to contribute: <https://gofund.me/5ec2f555>

Please remember Steve and his family in your prayers. As of September 24, arrangements were pending. Steve helped so many people around the community and will be greatly missed. Any donations are greatly appreciated. Thank you in advance.

Our Council received a message from Mary Watts that her husband Thomas, age 64, a brother Knight of our Council passed away on Wednesday, September 22, after a three-year battle with cancer. He left behind his wife and four adult children.

Mary wants the Knights to know how grateful she and Tom were of our Council awarding scholarships to their children when they were attending Catholic schools.

Tom's funeral Mass was held on Saturday September 25 at St. Joseph's Church in Carpinteria. For those who would like to send a message of condolence, Mary's address is 1431 Linden Ave., Carpinteria 93013.

NEW STATE LAW GREASES SKIDS FOR KILLING PATIENTS

Welcome to Killifornia. On October 5 Gov. Gavin Newsom, who calls himself a Catholic, signed SB380, which demolishes some of the few remaining “safeguards” in the “assisted-suicide” law that Gov. Jerry Brown (another self-described Catholic) signed into law in 2015. The new statute not only makes it easier for relatives and others to pressure sick people to swallow death drugs, but will force pro-life doctors to aid and abet such deaths.

The California Catholic Conference warned that SB380 would expose “the poor, elderly, people with disabilities, and others in vulnerable groups—[to] indifference, prejudice, abuse, exploitation, devaluation, and psychological and financial pressure to end their lives.”

The original law said patients must make two requests, at least 15 days apart, to receive the death drugs. SB380 cuts the waiting period to 48 hours. It also says patients no longer have to make a “final attestation” about their true wishes.

There’s more: SB380 says doctors who refuse to help patients kill themselves must tell them they refuse, document their refusal, and transfer the patients’ medical records if asked. This would trample on doctors’ conscience rights by directly involving them in killing their patients. The original law said doctors who opposed killing patients didn’t have to “refer” them to doctors of death. SB380 will enable death advocates to target Catholic and other pro-life doctors for persecution and for further efforts to drive them out of healthcare in California.

In 2018 a judge ruled that Gov. Brown’s original “assisted suicide” law violated the state constitution because it was passed illegally during a legislative session limited to other matters. But California Attorney General Xavier Becerra (another “Catholic”) waged a legal fight to restore the deadly statute. In January of last year, a court agreed with him, declaring the measure lawful and constitutional. As head of the Department of Health and Human Services, Becerra is now in charge of all healthcare in the USA. We can assume he’ll target patients nationwide for “assisted suicide.”

The U.S. Supreme Court has the power to declare all “assisted suicide” laws unconstitutional. Let’s pray that happens—and soon.

POLISH FAMILY NAMED K OF C FAMILY OF THE YEAR

**The Steciaks were honored for their pro-life witness,
and their commitment to parish community.**

The Steciak family of Rembieszyce, Poland, was honored by the Knights of Columbus as the 2021 International Family of the Year during the Order's 139th Supreme Convention.

“Their achievements in service to their parish are enormous, and their testimony of faith, response to God’s call and openness to life evoke respect,” said Poland State Deputy Krzysztof Zuba. “They can be a role model for everyone, especially today.” Michał, a member of St. John Bosco Council 16266, met Angelika in 2006, during an event commemorating the first anniversary of St. John Paul II’s death, and they have had a special devotion to him ever since. In fact, they were married Oct. 22, 2011, John Paul II’s first feast day after his beatification.

A few months after the wedding, Angelika was taken to the hospital with severe pain. The doctors found a cyst near an ovary, and both had to be removed. “It made me enter premature menopause,” she said. “Over the next few years, it turned out that I would not be able to have children.”

However, Michał and Angelika still felt called to share their love with others. They founded the Angel’s Village Foundation, which helps elderly people and disabled children. They became involved in parish groups, including the Knights of Columbus. And they decided to try to adopt children. “We prayed a lot through the intercession of St. John Paul II for help in choosing the path of our life,” Michał said. “Once we had made the decision to adopt, various miracles and signs led us to our child.”

At the beginning of 2020, Michał and Angelika attended a pro-life event at the Divine Mercy Shrine in Kraków. The speaker's words deeply touched them: "If we care about life and everyone who has conceived, why don't we adopt disabled children? Why don't we give them a chance to live?" Two days later, the couple received a call from an adoption center asking if they would consider adopting a child with a genetic defect. Michał and Angelika later found out that nine families before them hadn't even wanted to meet the child, an infant boy named Piotr.

Two days later, the couple received a call from an adoption center asking if they would consider adopting a child with a genetic defect. Michał and Angelika later found out that nine families before them hadn't even wanted to meet the child, an infant boy named Piotr.

"We thought that it cannot be a coincidence. He was just waiting for us," Michał said. "Thank God for our son! We wanted to love and we wanted to give Piotr our love. When I saw Piotr for the first time, I first noticed his lovely blue eyes, which are simply wonderful," Angelika recalled. "He smiled at us. I will not forget how he was smiling so sweetly."

"Knights of Columbus in Poland, like those around the world, are active in defending human life at every stage. They help organize and participate in pro-life marches and other events, support centers for single mothers financially and materially, and even sponsor pro-life movie nights. Human life begins at conception — it's a scientific, medical and indisputable fact," Zuba said. "And our task, our mission, is to protect the weakest. Our attitude should be based on prayer and education, but above all on witness." In addition to their pro-life witness and activities, Michał and Angelika are deeply involved in their parish. They organize events for children and initiated a Bible study and parish choir. Michał said that the Knights of Columbus has given him opportunities to serve the parish and local community while helping him strive for holiness alongside other Catholic men.

"It shows the true strength of men," he said. "The work of the Knights of Columbus brings you closer to God. No one is left alone but can develop his faith in a community." He added that behind each Knight is his family supporting him. "Families stand behind each of our Knights. I think that is precisely why our Order has such strength."

The strength of the Steciak family grew earlier this year when they adopted a little girl. Marysia is now nearly a year old and Piotr is 19 months.

"During evening prayers with our children, we make intentions through the intercession of St. John Paul II. His image hangs in our bedroom and we always point to it with Piotrek and Marysia. We say, 'St. John Paul II, pray for us.' And they understand it," Michał said with a smile.
