†This event will depend on mandates from the Archbishop. Not until the Archbishop allows. All meetings are on ZOOM until further notice due to the covid-19 pandemic guidelines. ZOOM: a method of meeting while staying at home. You must have a computer, smart phone or Tablet. You should be able to phone in to listen audibly but our knights are still working on getting this to work.

"Saints for Young Readers", Volume II, July-December, Pauline Books & Media, Boston. 1st ed. 1995,2nd ed. 2000

October 13 - King Edward I of England went to Mass daily. He was a kind and gentle man who never spoke sternly. To poor people and foreigners, he showed special charity. It was his justice to everyone and his love of God's Church that made St. Edward so popular with the English people.†

November 4 - St. Charles Borromeo was the nephew of Pope Pius IV St. Charles became the Cardinal archbishop of Milan. When disease struck his area he prayed and did penance for the sick. He went into debt to feed the hungry. He even had altars set up in the streets. This was for the benefit of the sick who could assist at Mass from their windows. (A chilling reminder of what is happening now!)†

~~~~~EXTRA~~~~~

This obituary was left out ( inadvertently ). It is placed here as a prayer of remembrance.

Gritt, George Bernard, Sr.

George B Gritt, Sr. at the age of 88, peacefully passed away at his home on March 14, 2020, surrounded by his family. George had been lovingly cared for by his wife, Carolyn, numerous faithful caregivers and finally the wonderful Hospice team. George was a beloved husband, father, grandfather, great grandfather and an ultimate Green Bay Packer fan. He was our "gentle giant" who was so very much loved by all who knew him, especially his children and grandchildren of whom he was so very proud.

George was born in Indianapolis, Indiana, to Arthur Edward Gritt and Zelpha Marie Clements Gritt, one of nine children. He served in the USAF during the Korean conflict and when honorably discharged in 1956, he entered collage, graduating with a BS degree in Electrical Engineering from the University of Wisconsin in 1960. His career as an engineer took him to many locations from New York, Nebraska, Texas, Wisconsin and finally to California, where in

1973, he served as a tireless civil service employee of DCAS, at Delco Electronics, then as a NASA engineer at Santa Barbara Research and Raytheon. George was most proud of his work on the Apollo Space program, retiring from NASA in 1983.
